- 13. Fathers who connect with their children form strong family bonds.
- 14. Parents can learn ways to calm a crying baby and manage feelings of frustration when a baby is inconsolable.
- 15. Parents can investigate child care provider for any history of abusing children. Use Trustline to check out child care providers 800-822-8490.
- 16. Parents can ask for help when depressed or stressed by life's challenges.
- 17. Parents learning about child safety in the home can prevent accidents and increase awareness of the environment.
- Parents can use community services such as respite care and home visiting services to strengthen parental resilience when times are tough.
- 19. Communities can support families by providing free or low-cost activities that encourage parent/child interactions.
- 20. Community networks collaborating with each other facilitate ease of referrals and obtaining services for families.

## STATE OF CALIFORNIA

## HEALTH AND HUMAN SERVICES AGENCY

## **DEPARTMENT OF SOCIAL SERVICES**

Office of Child Abuse Prevention Pub 411 (8/11)

- 1. Child abuse or neglect is a crime.
- 2. The California Child Abuse and Neglect Reporting Law (Penal Code sections 11164-11174.3) may be accessed on the internet at www.leginfo.ca.gov.
- 3. Child abuse and neglect affect children of all ages, races, and incomes.
- 4. Instances of suspected abuse or neglect should be reported to Child Protective Services (CPS) or police.
- 5. A listing of California's Hotline Numbers for child abuse reporting for each county may be found at www.childsworld.ca.gov/res/pdf/ CPSEmergNumbers.pdf
- 6. Parents abusing drugs or alcohol are at higher risk of abusing or neglecting their children.
- 7. Exposure to domestic violence negatively impacts children. Evidence shows a strong connection between domestic violence and child abuse.

- 8. Children under two years of age are at greater risk of abuse or neglect.
- 9. Prematurity is a risk factor for child abuse or neglect.
- 10. Abusive head trauma or shaken baby syndrome often occurs when an adult shakes a child because of inconsolable crying.
- 11. Children with disabilities are more likely to be abused or neglected than children with no disabilities.
- 12. Neglected or sexually abused children may not show physical signs of harm.
- 13. Children in poverty suffer neglect and abuse 22 times more than children in affluent families.
- 14. It is against the law to knowingly make a false report of child abuse or neglect.
- 15. Reporting child abuse or neglect only requires "reasonable suspicion" and does not automatically mean the child will be removed from the home.
- 16. Only Child Protective Services or a law enforcement agency may conduct an investigation into suspected abuse or neglect.
- 17. In California, mandated reporters are required to report child abuse and neglect. Mandated reporters are those who come into contact with children through their employment and may receive training at mandatedreporterca.com.

- 18. Once investigated, reports of suspected child abuse are categorized as substantiated, unfounded or inconclusive (insufficient evidence).
- 19. Substantiated and inconclusive reports of child abuse or neglect are filed in the California Department of Justice Child Abuse Central Index (CACI) database.
- 20. Unfounded reports are purged from the CACI database.

## **20 Ways** Of Preventing Child Abuse AND NEGLECT

- 1. The Child Help USA Hotline offers 24-hour crisis telephone assistance for individuals under stress. Telephone counseling is available in 140 languages 800-422-4453.
- 2. Organizations such as Parents Anonymous offer self-help groups for parents seeking support and positive parent strategies at <u>www.parentsanonymous.org</u>.
- 3. Child Abuse Prevention Councils or Family Resource Centers have resources available locally to help families. <u>www.capsac.org/</u> <u>crisisnumbers/ca-councils or 222.</u> <u>familyresourcescenters.net</u>

- 4. Parents who ask for help in getting housing, food, transportation, and/or health care protect their families from stress.
- 5. Being connected to family and friends by sharing celebrations and day-to-day problems makes families stronger.
- 6. Families who use a family physician and healthcare provider, also known as a medical home, promote good health and children are screened for normal developmental milestones on an ongoing basis.
- 7. Parents who encourage, listen, and accept expression of emotions help their child to develop healthy self-esteem about themselves and in relation to others.
- 8. Parents who learn about and practice safe nonviolent forms of child discipline become positive role models for their children.
- 9. Learning what is normal with their child's development helps parents accept their child as they are and decreases frustration from unrealistic expectations.
- 10. Parents that utilize recovery programs for alcohol or drug abuse learn to stay clean and stay connected with others.
- 11. Parent education classes teach parents the benefits of bonding, understanding, and accepting their children's personalities.
- 12. High quality preschools teach children social skills and build self-esteem.
